Luxury properties for sale at Mount Falcon represent a genuine first and fresh approach for buyers to combine a country lifestyle experience, with the option of a tax break on rental income.

The Mount Falcon Estate, lies between Foxford and Ballina, in County Mayo. It is comprised of the Mount Falcon Country House Hotel, the Mount Falcon Fishery and the 45 properties for sale, located in lake and woodland settings around the 100 acre Estate.

The Mount Falcon Country House Hotel is open to guests and is welcoming both local visitors and attracting a national and international clientele. It is a 4 star, de luxe family-run Hotel with luxurious leisure and corporate facilities, access to the best golfing, and its unique offering of the most prolific salmon river in Ireland.

Mount Falcon's current owners, the Maloney Family and their colleagues Bruce Dunlevie and Mark Evans, have successfully developed and enhanced the facilities to create one of Ireland's finest estates, dedicated to the pursuit of leisure, health and relaxation.

HISTORY

The 'castle' was created from the love of one young man for his bride. He agreed that she was so special that she deserved to live in a 'castle'. In 1872 this young man - Ultred Knox - commissioned the finest architect of that time, James Franklin Fuller, who also designed Ashford Castle, Kylemore Abbey & Farmleigh House, to construct for them a palatial home at Mount Falcon, an estate of 2,200 acres on the west bank of the river Moy, between Foxford and Ballina, for himself and his new bride - Miss Nina Knox-Gore of Beleek Manor.

This stunning baronial structure looks as impressive today as it would have in 1876 when it was completed. In 1932 it was purchased by Major and Constance Aldridge who ran it season after season as one of the finest shooting and fishing lodges in Ireland. Major Aldridge had a great love for country pursuits and exploited fully the natural resources of the estate for his guests.

Mount Falcon has always been famous for its fishing rights on the River Moy. Famous for its salmon pools, it is undisputedly one of Ireland's most prolific salmon rivers.

Connie Aldridge was one of the founders of the now famous "Blue Book" of country houses. Numerous guests from all over the world including Vivien Leigh, Peter Sellers, Dr. Patrick Hillary and Jack Lynch, and more recently, Tiger Woods, Mark O'Meara, John Cooke and Nick Faldo, have enjoyed all that Mount Falcon has to offer.

The new owners, including the Maloney Family who hail from the area, bought Mount Falcon in 2002 and have restored and extended the main house to its former glory, as well as developing the 45 luxury properties, in three idyllic locations around the 100 acre Estate.

The work on the main house has involved a range of key craftsmen who have been diligently restoring the house, with its fifteen foot high ceilings, original cornices, marble fireplaces and pitch pine shutters and floors. And most importantly at the same time, they have ensured this beautiful and unique country house hotel offers all the luxury and services guests would expect from 4 star de luxe accommodation.

THE OFFERING

The properties can be leased by the promoters on a 20 year lease, with a 10 year break option, after which the owners can renew a lease, reside in, let out or sell the properties.

TAX INCENTIVES

On registration with Failte Ireland, the properties will qualify for capital allowances on the cost of construction and tax allowances on the fixtures and fittings are also available for offset against the rental income from the Holiday Homes.

RENTAL INCOME on Lettings

The promoters will actively promote the letting of the properties and are already responding to a

strong demand for this type of accommodation from the upper end of the market, who enjoy country sports and a healthy lifestyle.

VALUE ADDED TAX

VAT will be charged on the sale of the properties at the rates of 13.5% for the buildings and 21% on the fittings. This VAT should be fully recoverable provided the owner registers for VAT prior to purchase. On the granting of a 20 year and one day lease to the management company, a VAT charge also arises. However, where both parties are VAT registered they can avail of a procedure (under a Section 4A mechanism) whereby the management company (the lessee) accounts for the VAT. The purchasers should obtain their own

VAT advice in relation to the implications of registering and accounting for VAT.

MANAGEMENT

The block insurance, public liability insurance, refuse collections, road maintenance, common area electricity, repair and maintenance contracts for the houses will form part of the service provided by the managing agent and will be deducted from the gross rents.
